J. Slice Advice

- Healthy food makes you feel good and gives you energy.
- Pack your plate with fruit and vegetables of all colors – the different colors have different vitamins and minerals.
- Watermelon is 92% water so it helps give your body the fluids it needs.
- A 2-cup serving of watermelon is an excellent source of vitamins A and C.
- Don't eat alone if you can help it – sometimes that can cause you to eat too much.
- Get moving! Playing sports or even just walking actually gives you more energy.
- Fruit and veggies can be eaten at any time. Eat a slice of watermelon with your meal – don't wait until dessert.
